

Kumbar Wirri

(Big Red)

Kumbar is Legend's new top-of-the-range loudspeaker, combining and upgrading the technology of the award-winning Kurre and Kurlo loudspeakers.

The upper part is the new Kurre 5 loudspeaker with extraordinary mid-band & treble clarity; the lower part is the new Kurlo Bipolar subwoofer with a pair of side-firing 10" XLS drivers and huge 500W built-in amplifier for deep powerful tight bass.

The Kumbar may be used in a number of easily up-gradable options:

1. external Kurre passive crossovers
2. active DEQX digital crossovers with
 - supplied Hypex amplifier modules
 - amplifiers of your choice

enabling you to enjoy your music or home-theatre to the fullest. Truly world-class!
